INNOVATION FOR YOU

JBC GmbH • Warnowallee 31c • 18107 Rostock

It is our pleasure to recommend LLC "Shark Develop" and I/E Alik Gogoli.

We implemented our app "JBC Watch Tracker" with these companies. This app is used to program our GPS trackers via an app and to query GPS data.

The companies LLC "Shark Develop" and I/E Alik Gogoli have done an excellent job here.

In addition to programming the app, Google Maps was also integrated and a complete server structure created. Furthermore, a comfortable backend software was programmed.

Our app is now used by over 30,000 users. Our customers love this app because it is easy and convenient to use.

LLC "Shark Develop" and I/E Alik Gogoli are characterized by fast, precise work including excellent customer service.

We are pleased that we were able to win Shark Develop and I/E Alik Gogoli for our project and look forward to a good and long-term cooperation.

Shark Develop and I/E Alik Gogoli overflowed all of our requirements for an app, a backend and for the design of the app.

I am happy to be able to give a reference for Shark Develop and I/E Alik Gogoli and can recommend them unreservedly.

Best regards
